Meals/Snacks
Projected

Countless
School Staff, Parent
Volunteers, and
Community Partners

OUR MISSION

To ensure students have access to nutritious and fulfilling food at school so that they have the fuel they need to succeed.

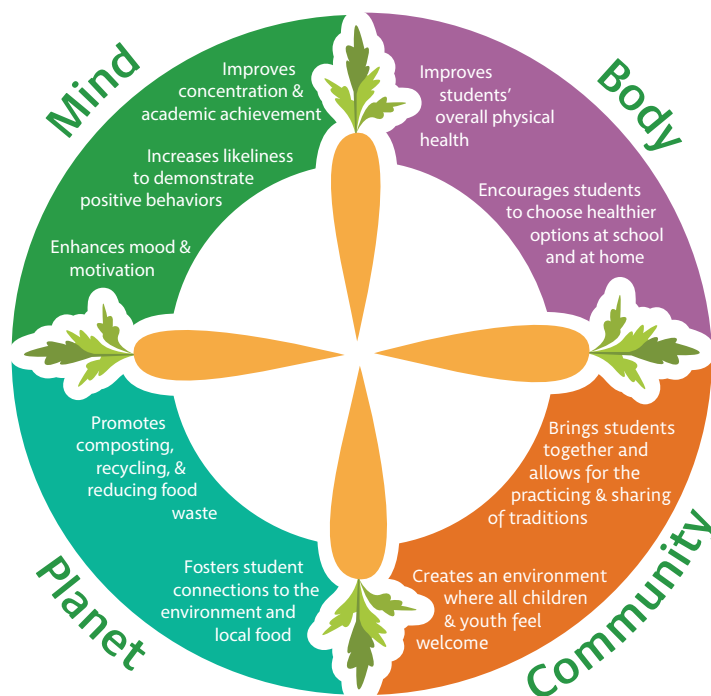

WHO WE ARE

OSNP London is part of the larger OSNP Southwest Region and is a program housed within the Victorian Order of Nurses (VON). VON is 1 of 14 lead agencies that are a part of Student Nutrition Ontario (SNO), the provincial body that streamlines the distribution of funding and resources on behalf of provincial partnerships.

WHAT WE DO

At OSNP, we support the development and implementation of healthy breakfasts, snack and at times, lunch programs across the province. Our programs are universal, non-stigmatizing, and free for all students to access as there are many reasons why children and youth arrive at school without food other than household food insecurity. Student nutrition programs serve thousands of children across London-Middlesex to ensure that they attend school well nourished and ready to learn.

IMPACT

“Having the program here allows our students to fully focus on what they’re here to do, which is to learn. Having this [snack program] available without stigma is absolutely paramount to their education.”
- Elementary School Principal
