

## MUNICIPALITY OF THAMES CENTRE

**REPORT NO.** PW-DR-005-24

**TO:** Mayor and Members of Council  
**FROM:** Drainage Superintendent  
**MEETING DATE:** June 10, 2024  
**SUBJECT:** Dundas Street Owners – Petition for Drainage Works

### RECOMMENDATION:

**THAT** Report No. PW-DR-005-24 of the Drainage Superintendent, dated June 10, 2024, concerning requests received by 5 properties for a request for new drainage works, **BE RECEIVED** for information;

**AND THAT** the petitions submitted by 5 properties, under Section 4 of the Drainage Act, R.S.O. 1990, for new drainage works, in relation to properties located inside CON 2 LOT 1 (former township of West Nissouri) **BE RECEIVED AND ADOPTED**;

**AND THAT** Mr. M. P. Devos, of Spriet Associates, **BE APPOINTED** the Engineer to investigate and prepare the necessary drainage report.

### PURPOSE:

To provide Council with the necessary information to deal with the request under the Drainage Act.

### BACKGROUND:

Over several years the Municipality has received various concerns of poor drainage in and around the lands petitioning for drainage works. Individual advice on ways to mitigate and obtain an outlet was given, however no steps to achieve an outlet were taken.

On the evening of April 3<sup>rd</sup>, 2024, a drainage information meeting was held inside the hall of the Maple Ridge Golf Course. Owners from 7 different properties attend this meeting. This meeting gave owners a chance to learn how the Municipal Drain process works and were given a chance to ask questions. It should be noted that owners were informed obtaining a Municipal Drain to benefit their property only provides an outlet to discharge storm water and some properties may require some private work inside their property to fully utilize a new Municipal Drain.

## COMMENTS:

None.

## FINANCIAL IMPLICATIONS:

None.

## STRATEGIC PLAN LINK

**Pillar:** *Smart Planning*

**Goal:** *Make smart planning decisions to grow the community, while maintaining a "hometown feel"*
