

## MUNICIPALITY OF THAMES CENTRE

**REPORT NO.** PW-DR-012-24  
**TO:** Mayor and Members of Council  
**FROM:** Drainage Superintendent  
**MEETING DATE:** December 9, 2024  
**SUBJECT:** Dundas Street Drain – Petition for Drainage Works

### RECOMMENDATION:

**THAT** Report No. PW-DR-012-24 of the Drainage Superintendent, dated December 9, 2024, concerning a petition for new drainage works, **BE RECEIVED** for information;

**AND THAT** the petition submitted, under Section 4 of the *Drainage Act, R.S.O. 1990*, for new drainage works, in relation to the property located at CON 2 PT LOT 1 RP 33R7466 PT PART 1 RP 33R15646 PART 3 (former township of West Nissouri) **BE RECEIVED AND ADOPTED** and added to the previous petitions.

### PURPOSE:

To provide Council with the necessary information to deal with the request under the *Drainage Act*.

### BACKGROUND:

The petitioning owner has issues with poor drainage due to a lack of a formal drain outlet. The owner has concerns about potential damage to the property as well as having their business impacted during large rain events.

Currently the runoff from this property enters the County Road ditch, (County Road No.2). This ditch is primarily used for road water runoff and not designed to handle flows from external lands.

### COMMENTS:

This request will join 6 other petitions received from this area and Mr. M. P. Devos, of Spriet Associates, has already been appointed the Engineer.

## FINANCIAL IMPLICATIONS:

None.

## STRATEGIC PLAN LINK

**Pillar:** *Smart Planning*

**Goal:** *Make smart planning decisions to grow the community, while maintaining a "hometown feel"*

## CONSULTATION:

None.
